

INVITATION

2. International NEXT Façade Summit: Think Globally, Build Locally

Thursday,
March 25, 2021
at 4:00pm (CET)
as a livestream event

The NEXT Partners, together with DBZ DEUTSCHE BAUZEITSCHRIFT as media partner, cordially invite you to the 2nd International NEXT Façade Summit on March 25, 2021 as a livestream event.

What are the special requirements for the planning and construction of façades in international markets? Where are the opportunities and where are the pitfalls in the implementation of complex building envelopes in a global context? These and other highly topical questions will be explored at the 2nd edition of our English-language International NEXT Façade Summit event series.

This time, leading minds from the world-renowned planning and architectural firms **BIG-Bjarke Ingels Group** (New York), **Sauerbruch Hutton** (Berlin), **Hadi Teherani Architects** (Hamburg) and **Koltay Facades** (Dubai) will offer personal insights into their daily work. Using examples from outstanding best practice projects, they will shed light on the challenges of planning and construction processes and report on innovative concepts in a variety of countries.

You can look forward to unique façade architectures, inspiring projects and practical suggestions for your daily work.

The presentations will be held in English.
